WORK

CO-FOUNDER AND DESIGNER

@Factorio.us collective

In December 2010 I founded a design collective in collaboration with other 2 designers. Our objective is to experiment new connection inside the creative cloud, working together on multidisciplinary projects and bringing the freelancing model to a new level. We are on the web at <http://factorio.us>.

RESEARCH

RESEARCHER INTERN

@Milano Metropoli Develop. Agency

February - May 2010.

The research (<http://svel.to/3f5>), aimed to create a complete map of the creative sector in the city of Milan, was demanded by the public administration and was published and presented at the conference "Hub Creativo, dall'idea al prodotto" (<http://svel.to/10m>).

M.Sc. RESEARCH THESIS

@Politecnico di Milano

October 2009 - October 2010.

My Thesis was structured in 9 months of research and 3 months of service development. It was aimed to enhance the collaborative technologies inside the Ateumeum. A research paper was extrapolated from the thesis and published inside the INTED2011 report.
